Typical kitchen cabinet height is 868mm (34 1/4").
Common vanity heights are 868mm (34 1/4"), 804mm (31 5/8") and 740mm (29 1/8"). For desks we recommend a 740mm (29 1/8") cabinet.

Base cabinets are available in the above heights, consult pages 3.X for common door / drawer front layouts. Contact Contemporary Woodcrafts, Inc. for other possible combinations. See page 2.5 for typical construction. For taller cabinets refer to pantry style selection pages 5.X or page 7.1 for information on stacking cabinets.
